Short recital of the case

The workmen of the Canara Banking Corporation Limited represented by All India Banking Employees' Federation/All India Bank Employees' Association, referred to hereunder as 'Federation' and 'Association' have made claims for additional bonus for the years 1956 to 1961. A dispute with regard to the adequacy of the amount paid by way of bonus to the workmen for the year 1962 raised by them has been referred by order of the Government of India dated 5th September, 1964 to the Central Government Industrial Tribunal at Bombay for adjudication and the same is pending. The workmen have been paid bonus for the years 1963 and 1964 which they have accepted under protest and have demanded higher bonus. The parties have felt that all the disputes relating to payment of

bonus for the years 1956 to 1964 (both the years inclusive) should be amicably settled. After discussions between the parties, with a view to ensuring harmonious relationship between the management and the employees leading to greater efficiency and benefit to both the parties, the matter is settled amicably on the terms indicated hereunder and further in consideration of such settlement and of the management agreeing to pay thereunder on an *ad hoc* basis an additional amount by way of bonus for the years 1959 to 1962 (both the years inclusive) which payment includes an *ad hoc* payment for the year 1962 as well the employees waiving their claims for the years 1956, 1957, 1958, 1963, and 1964 the aforesaid dispute relating to the year 1962 is also settled.

Terms of Settlement

1. It is agreed that this settlement has been entered into without prejudice to the Bank's contentions at law. It is further agreed that the employees accept the amount mentioned hereunder in full and final settlement of their claims for bonus for the year 1956 to 1964 (both the years inclusive) and undertake that they will not make any further demand or raise any dispute of bonus for the aforesaid years.

2. It was further agreed that if, in future, a dispute is raised by any of the employees of the Bank with regard to payment of additional or any bonus for any or all of the years from 1956 to 1964 (both the years inclusive,) it shall be open to the Bank to resist such a claim or claims on such grounds as are open to it including relevant provisions of the Bonus Award given by Mr. Justice K. T. Desai or the Banking Companies Act or any other law by which the matter may be governed.

3. The management agrees to pay the following amounts by way of additional bonus in respect of the years 1959 to 1962 (both years inclusive) in addition to what has already been paid to employees as bonus relating to the aforesaid years and the employees agree to waive their additional claims for the years 1956, 1957, 1958, 1963 and 1964.

| Year | Bonus already paid | Additional bonus payable as per this settlement | Percentage of additional bonus payable to the amount already paid |

| 1956 | 73,896 | Nil | Nil |
| 1957 | 23,000 | Nil | Nil |
| 1958 | 48,942 | Nil | Nil |
| 1959 | 62,026 | 20,675 | 33 1/3 |

| TOTAL | 6,12,830 | 1,04,330 | |

4. The parties agree that the amount of additional bonus agreed to be paid under this settlement shall be payable at the same rates both to the workmen and the non-workmen who were in the service of the Bank in the relevant years and that the allotment of the amounts made in the settlement for payment as additional bonus for the years in question includes the amount payable to the non-workmen staff.

Provided, however, that in case of an employee who, at the date of this settlement is no longer in bank service, such payment shall be effected to him or if he died earlier, to his legal representative/representatives only on such employee or his legal representative/representatives making an application to the Bank within 12 (twelve) months from the date of this settlement. The Bank will be at liberty to refuse to entertain any claim received on or after 28th February, 1967.

5. The disbursement of bonus as per this settlement shall be made on or before 30th April, 1966.

6. The parties agree that this settlement shall not be treated as precedent or taken as the basis or govern the principles for the determination of bonus or the amount or rate of bonus in future years and shall not be admissible in evidence in any proceedings before any authority relating to bonus for any future years. The year 1965 and all subsequent years are future years within the meaning of this clause. This settlement, however, shall be final and binding on both the parties as regards the amount of bonus payable for the years 1956 to 1964, the qualification for eligibility and the procedure as set out hereinabove.

7. The Federation/Association hereby undertakes on behalf of the Bank Employees' Association South Kanara/Canara Banking Corporation Employees' Union and other constituent units to file an application before the Central Government Industrial Tribunal, Bombay for withdrawal of the dispute relating to the bonus for the year 1962 within 15 days from the date of this settlement.

By its Order No. 2/29/63-LRII, dated the 25th July, 1963, Government of India, Ministry of Labour and Employment, referred under Section 10(1)(a) of the Industrial Disputes Act, 1947, to this Tribunal for adjudication an industrial dispute existing between the employers in relation to the management of Lakurka Colliery of Messrs Lakurka Coal Company Limited and their workmen in respect of the matters specified in the schedule attached to the order of reference which is reproduced below:

2. Shri S. Das Gupta and Shri Shankar Bose, both Secretary, Colliery Masdoor Sangh, appeared for the fifteen workmen and filed a joint petition of compromise dated 2nd February 1966 signed by Shri S. Das Gupta representing the concerned workmen on behalf of the Colliery Masdoor Sangh and by Shri I. K. Karnani, Director of M/s Lakurka Coal Co., Ltd., Lakurka Colliery and prayed that this reference be disposed of in terms of the said compromise as this is the real compromise and the previous compromise filed on 15th February, 1965 was my mistake filed in Reference No. 56 of 1963 because in reality it was meant for Reference No. 24 of 1964 and not at all for Reference No. 56 of 1963 and that compromise was no settlement of the dispute between the parties in the present reference, and as such the previous award dated 15th February, 1966 should be ignored as it is ineffective.

3. Today in Reference No. 24 of 1964 the compromise dated the 15th February, 1965 which was filed in Reference No. 56 of 1963, on the joint petition of the parties was taken out of the file of Reference No. 56 of 1963 after correcting the Reference No. and put on the file of Reference No. 24 of

1964 and on the basis of the same an award, as asked by both the parties, has been passed in terms thereof.

4. In these circumstances, as the present compromise dated 2nd February, 1966, filed to-day on 3rd February, 1966, is the real compromise of the dispute in the present reference, an award has to be passed on the basis of the same, as rightly asked for by both the parties.

5. I have read the compromise, and, in my opinion, the terms are quite fair and reasonable and, therefore, I accept the same and record the compromise.

6. The Reference is accordingly disposed of in terms of the compromise dated 2nd February, 1966 filed before the Tribunal on 3rd February, 1966, which is marked Annexure "A" and an award in terms of the said compromise is passed and the said Annexure "A" is made a part of it.

7. This is the award which I make and submit to the Central Government under Section 15 of the Act.

[No. 2/29/63-LRII.]

New Delhi, the 5th April 1966

S.O. 1184.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of Shri N. K. Chaddha, Arbitrator, in the industrial dispute between the employers in relation to the Khas Mehtadih Colliery of Messrs Khas Mehtadih Colliery Company, Post Office Katrasgarh, District Dhanbad, and their workmen, which was received by the Central Government on the 30th March, 1966.

ARBITRATION AWARD UNDER SECTION 10A OF THE INDUSTRIAL DISPUTE ACT, 1947

PARTIES

Management of Khas Mehtadih Colliery of M/s. Khas Mehtadih Colliery Co., P.O. Katrasgarh (Dhanbad)—*Representing Employers.*

Colliery Mazdoor Sangh, Dhanbad—*Representing Workmen.*

The above named parties by an agreement, dated 24th February, 1965, agreed to refer the dispute for arbitration under Section 10A of the Industrial Disputes Act to the undersigned during the course of conciliation proceedings held by the Conciliation Officer (Central), Dhanbad-I. The said agreement was published by the Government, Ministry of Labour and Employment under their order, dated 1st April, 1965. The terms of reference are:—

“(A) Whether the action of the management of Khas Mehtadih Colliery of M/s. Khas Mehtadih Colliery Company, P.O. Katrasgarh (Dhanbad) in retrenching the following five workmen with effect from 8th February, 1965, was legal and justified? If not, to what relief the workmen are entitled to?

Names of the workers

1. Sri Bishni Bhar, Bailing Mazdoor.
2. Sri Jivit Gope, Bailing Mazdoor.
3. Sri Azim Mian, Pump Khalasi.
4. Sri Ganiruddin Mian, Pump Khalasi.
5. Sri Judhisthir Rajwar, Pump Khalasi.

(B) Whether the management of Khas Mehtadih Colliery of M/s. Khas Mehtadih Colliery Company, P.O. Katrasgarh (Dhanbad) was justified in suspending Sri Sahadul Mian, Minor for 8 days with effect from 4th December, 1964? If not, to what relief the workman is entitled to?”

The hearing was fixed for 22nd April, 1965, but had to be postponed on the request of the management of M/s. Khas Mehtadih Colliery. Next date was fixed for hearing on 26th August, 1965, and on this date the evidence of the witnesses on the workers side was recorded. They examined four witnesses. Next date of hearing was fixed for 15th November, 1965, but had to be postponed due

to other urgent occupations. Another date was fixed for 10th December, 1965, which was changed to 14th December, 1965, on the request of the parties. The management has produced many documents but evidence of only one witness has been got recorded. The written comments of the parties in respect of their case were received from the Union under their letter, dated 17th April, 1965, on 20th April, 1965 and from the management under their letter, dated 17th August, 1965, received on 20th August, 1965.

The case of the Union is that the workmen involved in the dispute are their members. There is a recognised union in the establishment and the workmen being members of the union to dislike of the management have been victimised. Work was available and the retrenched workmen could have been absorbed and that there are other Junior workers in the category in which these workers are engaged. By category, union here refers to the category of workmen as given in appendix XII to the Award of All India Industrial Tribunal (Colliery Dispute). They claimed that the retrenchment is unjustified and *malafide* and in breach of the provisions of the Industrial Disputes Act.

In case of Sri Sahadul Mian it is stated that he was charge-sheeted on 4th December, 1964, for robbing pillars and was suspended pending enquiry. Witnesses were cited by the workman but were not examined by the Enquiry Officer. The workman was threatened during the enquiry and he had to run away. The enquiry was not conducted properly and the punishment given is unjustified and illegal. The whole idea is to crush the supporters of Colliery Mazdoor Sangh.

The case of the management in brief is that they do not know who are the active or ordinary members of the Colliery Mazdoor Sangh. Due to reduction in working faces retrenchment had to be affected and was affected according to seniority—principle of 'last come first go' was followed. In another case the Government of India has also come to the conclusion that there was a need for retrenchment.

Sri Sahadul Mian was found guilty of similar charge in the past also. The allegations and insinuations made by the Colliery Mazdoor are denied and it is affirmed that proper enquiry was held and having been found guilty he was given punishment which has been considered reasonable by them.

Sri Arjun Chamar produced by the union has reported that he is bailing water and cuts coal. He does not get extra wages for bailing water and is doing this work for last 8/9 months. He admits that when he was not bailing water he used to cut and load one tub of coal which he does now also and that he takes one hour for bailing before coal is cut. Later on he says that he gets As. 4 per day for bailing water.

Sri Patiram Chamar another witness on behalf of the union has deposed that Asu Mian, fireman is now working as bailing mazdoor. He says that he does not know whether Asu Mian gets fireman wages or the wages of bailing mazdoor. He admits in cross-examination that miners do not bail water and that Asu Mian works as bailing mazdoor.

Sri Ganiruddin Mian another witness deposes that he was retrenched 5 or 6 months before and one Sri Bhudan, main Khalasi is working in his place and one Sri Haradhan who was haulage khalasi is working as Pump Khalasi. He admits when cross-examined that he does not know how long Bhudan was learning the work of Pump Khalasi.

Sri Jivit Gope admits that he was fitter mazdoor for 3 to 4 years and was then given bailing work. He was working on bailing for last 3 years. He was given proping mazdoor work after his retrenchment in 1963 at the instance of Conciliation Officer and then was retrenched. After his retrenchment a new proping mazdoor was appointed and that bailing mazdoors are appointed now without entering the names in the Register.

The management has produced papers connected with charge-sheet served on Sri Sahadul Mian in May 1964; failure report submitted by Conciliation Officer (Central), Dhanbad in a case of retrenchment in April, 1965 and papers connected with it and have got the evidence of Sri S. D. Pathak, Labour Welfare Officer recorded. He conducted the enquiry in the charge-sheet against Sri Sahadul Mian. He affirmed that no new persons are recruited as bailing mazdoor or pump khalasi after retrenchment and that six more bailing mazdoors were retrenched after the retrenchment of persons in dispute. He also states that he had found Sahadul Mian guilty of the charge and he did not know that he was a member of Colliery Mazdoor Sangh. He did not prevent Sri Sahadul Mian from

producing witnesses and that Sri Radha Mohan, Overman had threatened Sri Sahadul Mian during enquiry is false. He admits that pump khalasis are either in category III or category IV and he does not know which of the pump khalasis are in category III or category IV and the seniority list was not drawn separately for category III and IV. At present also they have 12 bailing mazdoors and about 15 or 16 pump khalasis and they have no work for more. No bailing work is being taken from miners and no extra payment is being made for such type of work. He also admits that charge of disobedience was not levelled in the charge-sheet but Sri Sahadul Mian was found guilty of this charge during the course of enquiry. Sri Sahadul Mian was present throughout the enquiry and he did not leave the enquiry as suggested by the union.

I have carefully gone through the records produced, evidence deposed by witnesses and have also considered the arguments put forth by both the parties.

I find that the workmen have been retrenched after following due provisions of law. The retrenchment had to be from the type of work on which workers are found surplus and the grade laid down in Coal Award cannot be considered as a group in effecting retrenchment. There are various job descriptions placed in the same category and it may not be possible for a man doing one type of job to do and be considered for other job. As it is seen from the record, there were genuine reasons leading to retrenchment and I do not find any justification to come to the conclusion that the retrenchment was not legal and justified.

There should have been separate lists for category III and IV pump khalasis which has not been done. It has not, however, been suggested that any grade III pump khalasi is being required to do the job of grade IV pump khalasi against rules. Keeping this in view this omission of drawing separate lists of seniority for the two grade of Pump Khalasi before effecting retrenchment does not lead me to hold that retrenchment was not properly done. The overall position appears to be that there was a surplus strength which has been retrenched, giving the concerned workers due benefit admissible under law.

It has been seen that one of the witnesses says that no extra payment is being made for bailing work but subsequently he says annas -/4/- per day is being paid for doing this work. A witness has stated that the bailing work has to be done for about an hour, but the same witness admits that the out-put of the work has remained the same as it was when this type of work was not being done. In these circumstances it is difficult to place reliance on these testimonies. If it is the contention that the workmen were being required to do the work, which is not a part of the job, it would be for these workmen to raise the dispute. To me in the circumstances the retrenchment appears legal and justified. It has been suggested in argument on behalf of the union that the management has not produced records of workers who were working after retrenchment. They could have called for the same and to rely on this omission, if at all considered as omission, would not be justified. It is doubtful if the records would reveal another story for the witnesses produced by the Union themselves have deposed that workers are being engaged without entering their names on record. However, these issues are not before me. Even if it is not admitted that these workmen were the members of Colliery Mazdoor Sangh, to allege victimisation only on this account does not appear convincing. No motive has been brought about. If there is any recruitments subsequently in the categories, their rights are secured by the provisions of law. The subsequent retrenchment proves the need to reduce the strength. I, therefore, hold that the action of the management of Khas Mehtadih Colliery in retrenching 5 workmen with effect from 8th February, 1965 was legal and justified and the concerned workmen are not entitled to any relief.

The perusal of the Enquiry Officer's report and evidence recorded by him shows that Sri Sahadul Mian was present during the enquiry and cross-examined witnesses but refused to sign. The perusal of the enquiry proceedings held against the same man earlier in May, 1964 also shows that he adopted the same tactics and refused to sign. The employee had fair chance for enquiry and apparently no injustice has been done. The Union has correctly pointed out that though he was charged only for the offence of robbing pillar, the Enquiry Officer has found him guilty not only of the charge made but also of disobeying the instructions of superior. The Enquiry Officer has acted beyond the scope of enquiry in coming to the finding of disobedience of reasonable order of the superior but no patent injustice appears to have been done. The worker has been found guilty of the charge alleged and has also been found guilty of some other charge which could have been levelled against him. The manager in awarding punishment has also mentioned both the charges, including the charge which

did not find place in the charge sheet but so long charge in the charge sheet stands established no injustice can be inferred. In this, I have also to take note of the punishment awarded. The punishment in this case is suspension for 8 days. The workman having been found guilty of similar charge in the past was awarded two days suspension then. Looking to all the record, this technical flaw does not justify the conclusion that enquiry was irregular. I accordingly held that the management was justified in suspending Sri Sahadul Mian for 8 days with effect from 4th December, 1964 and he is not entitled to any relief.

Arbitrator and Regional Labour Commissioner,
